NIKETHA THAVANESWARAN

Final-year Computer Science Undergraduate | Software Engineering & Full-stack Internships

Jaffna, Sri Lanka | tn.niketha@gmail.com

github.com/tniketha | LinkedIn: niketha-thavaneswaran | Portfolio

EDUCATION

University of Vavuniya Sri Lanka

B.Sc. (Hons) Computer Science **Expected June 2027**

Final year | Relevant coursework: Data Structures and Algorithms, Database Management Systems, Computer Architecture, Human-Computer Interaction.

TECHNICAL SKILLS

Languages: JavaScript, SQL, Python, Java, C

Frontend: React, Next.js, React Native, Expo, HTML, CSS, Tailwind CSS

Backend & databases: Node.js, Express, PostgreSQL (pg), MongoDB driver

Tools & practices: Git, GitHub, REST APIs, transactions, unit and integration testing

TECHNICAL PROJECTS

ShopFlow | Retail web application Sole developer

JavaScript, Next.js, React, Tailwind CSS, Express, PostgreSQL, SQL | github.com/tniketha/ShopFlow

- Built a responsive Next.js workspace connecting product management, supplier purchases, cash checkout, stock totals, and sales history through Express REST APIs.
- Used parameterized SQL, serializable transactions, product row locks, and request keys to prevent overselling and duplicate purchases or sales on retry.
- Enforced store isolation and role permissions; used integer LKR cents and saved product-price snapshots to preserve accurate sale records.
- Added PostgreSQL integration tests for concurrent checkout, repeated requests, insufficient stock, transaction rollback, store boundaries, and SQL migrations.

Smart Attendance | Web and mobile application Sole developer

JavaScript, React Native, Expo, Express, MongoDB | github.com/tniketha/SmartAttendance

- Built JavaScript student and lecturer screens with React Native and Expo, backed by Express for module-based class creation, QR check-in, and semester attendance tracking.
- Validated QR tokens, active classes, and enrollment timing; used unique attendance records and direct MongoDB driver transactions to prevent duplicates and coordinate check-in with closure.
- Recorded missing students as absent when classes close; calculated completed-class statistics and provided filtered attendance history and lecturer CSV exports.
- Added API integration tests for role restrictions, invalid QR codes, duplicate check-ins, class closure, expiry, semester reports, and logout token revocation.

COURSE COMPLETION CERTIFICATES

C Intermediate — 05 Feb 2026
Sololearn | Credential ID: CC-7IR1LLRX

Tech for Everyone — 05 Feb 2026
Sololearn | Credential ID: CC-YUMGVKHY

Introduction to C — 04 Feb 2026
Sololearn | Credential ID: CC-DHPDBC2V

SQL Intermediate — 01 Feb 2026
Sololearn | Credential ID: CC-XATX2FSR

Introduction to SQL — 30 Jan 2026
Sololearn | Credential ID: CC-RGM0P4VY

PROGRAMMING COMPETITION PARTICIPATION

IEEEXtreme 19.0 — 25 Oct 2025
IEEE | Team: DigitalVanguard

IEEEXtreme 18.0 — 26 Oct 2024
IEEE | Team: TheChiefs

PROFESSIONAL DEVELOPMENT

Trailblazers '24 — 07 Dec 2024
AIESEC in University of Peradeniya

COMMUNITY INVOLVEMENT

AIESEC: Member.

IEEE: Member.

Zero Plastic, University of Vavuniya: Member.

REFERENCE

Dr. R. Nagulan | Senior Lecturer Gr.I

B.Sc. (Jaffna), M.Sc. in Computer Science (Peradeniya), Ph.D. in Medical Image Computing (Kent, UK)
